Philadelphia, PA 19104

March 15, 2011

Dear Chris,

We wanted to take this opportunity to thank you for participating in our Literacy Fair this past Tuesday March 8th. This event was successful only because our community partners participated in the event. We could not have done it without your help.

We appreciate your spontaneous effort to set aside time in your day off to talk with the children. The experiences you had here at St. Chris and as a fireman and Burn Commissioner make you an excellent role model for these children. You were wonderful talking to, engaging, and making crafts with the children.

More importantly, we successfully educated lots of people about literacy and introduced them to important community resources. The children also learned about the importance of books and reading, all while having tons of fun.

We hope to include you in future literacy events at the hospital.

Sincerely,

Urszula Weirciszewska, MD
Pediatric Resident

Hans Kersten, MD
Associate Professor of Pediatrics
