Commissioner for Burns

Dear Brandon:

Enclosed are three letters of appreciation which I have sent to H.E. Thorne Maxwell, H.E. Rebecca Benoit and Mr. Thomas Sesko.

I want to express my appreciation for your leadership in arranging for members of your Association to assist the Haitian people who have suffered so much because of the catastrophic earthquake. I agree with your statement that it is important to "love one another and show respect" to those persons at the time of need. We live in a wonderful country which allows us the opportunity to help with those who are suffering so much in Haiti.

Sincerely yours,

ALBERT MOMJIAN
